FRENCH LESSONS AT ST MARY'S & ST PETER'S PRIMARY, TEDDINGTON

(We've been offering our language lessons at the school for over a decade.)

Learning a foreign language, and the culture that goes with it, is one of the most useful things we can do to broaden the empathy and imaginative sympathy and cultural outlook of children. Our lessons provide your child not only with confidence in another language, but more importantly the ability to embrace with enthusiasm the unlimited learning opportunities which will come their way in the future. As a child progresses through his/her education it will be the early access to something new and exciting such as a foreign language which will open his mind to learning and that in turn will lead to future academic success.

CHILDREN HAVE ACCESS EACH WEEK TO:

- Lunchtime French lessons on Tuesdays - the happy way to *extend* a child's learning.
- Fun, yet structured 30 minute sessions, with our popular, talented Joy for Languages French tutor.
- Lessons conducted within an enjoyable framework of games, songs, stories, toys and puppets. Lots of opportunity to hear and speak the target language in small, friendly groups which allow pupils to feel confident and to excel.
- All *new* registration includes the accompanying La Jolie Ronde French Learning Pack (full colour activity book and unlimited access to the audio app)

RESEARCH SHOWS THAT:

- Learning another language helps children develop better reading and writing skills in their own language.
- Having learned a second language early in life, your child will have an easier time learning *additional* languages, should he or she be interested in so doing. All the skills learned while learning the language - such as understanding word order, rhythm, intonation, and different grammatical structures - will be of use when learning any number of subsequent languages.
- Knowing a second language increases a child's confidence and self-esteem and helps them to develop an appreciation of other cultures.
- Having a second language greatly enhances one's travel experiences and importantly multiplies future career prospects - essential in today's increasingly global marketplace.
