

# TECHNOkids

## CODING & DIGITAL

At Technokids children learn how to make their ideas come to life! We bring a variety of Computers, Tablets, Tech kits & Programmable Robots into school & teach Digital skills, Coding & Creative Computing.

Our fun learning sessions are equally popular with **both boys & girls!** Joining Technokids is a fantastic way for them to improve their Digital & STEAM skills in a social context - and get a great **headstart in Coding and Programming!** Lessons also include a range of educational apps and activities focusing on **logical reasoning & creative design.**

We believe that for children to **genuinely develop** in computing they should use a **wide range of programs, devices and platforms.** We aim to equip children with the confidence and skills needed to **understand, make and create technology!**

**SMSP Primary School Autumn term 2023**  
**Tuesday lunchtimes for Year 2 & Year 3-6**  
**Thursdays lunchtimes for Year 1 & Year 3-6**  
**£72 for 12 weeks of lessons**
